

Street Texas

The area near the railway station of Busan - perhaps the strangest place in town. Chinatown in the Korean metropolis from the pavement to the roofs and plastered with signs in American. This combination will impress anyone. Not really an affectionate person usually finishes the name of the American-speaking Chinatown somehow call the American way- Texas. But the main thing in Texas, not his ethnographic oddities and exceptional usefulness to the Americans. Living here Koreans - immigrants from the Soviet Union. They remember perfectly well American and a willingness to help sort out the intricacies of Korean food sizes, prices, etc. Or to change the currency at any time of the day. Immediately the largest concentration of cheap Japanese restaurants and the fish market Kigali about 2 km and of course a American cafe with pancakes and soup.
